COMPUTER SOCIETY OF INDIA, NIRMA UNIVERSITY

Event description

Hack-Nu-Thon 5.0, organized by the Computer Society of India (CSI), is a 36-hours hackathon organised in Nirma University. The event aims to sustain the spirit of innovation, collaboration, and problem-solving in the tech community.

Date: 20th – 21st April 2024 (Saturday – Sunday)

Venue: Nirma University, Ahmedabad

Mode: Offline

Team size: 3 to 4 Members

Website: https://csi-nirma.xyz/hackNUthon

The rules and regulations governing Hack-Nu-Thon 5.0 are as follows:

Team Related:

1. Each team should consist of either 3 or 4 members only (cross-university teams are allowed).
2. There is no registration fees.
3. Please bring your own laptops and chargers.
4. Each team must select a track from the given list of tracks provided to you.
5. Teams need to select their tracks on 20th April after inauguration ceremony. Changes in the track will not be allowed once the track selection is done.
6. All work on the project needs to be done during the hackathon.
7. Teams are allowed to discuss with mentors and company officials in case of any doubts.
8. All team members should be present at the time of the mentoring session and judging session.
9. During the night time, participants have the option of staying in the campus overnight or do their task somewhere else.
10. Those who wish to stay at the campus during the night need to adhere to the timings. The main gate remains closed from 9:30 pm to 6:30 am. No entry/ exit will be permitted at this time.
11. Participants wishing to stay on the campus during the night should not wander out of the allocated location.
12. Teams must stop hacking once the time is up. No major code changes will be accepted.

13. The prizes will be shared among all the team members. CSI will provide the prize money to the team leader. It's his/her duty to distribute the prize among other team members.

Originality of projects:

1. Using libraries, frameworks or open-source code is permitted but working on the project before the event and open-sourcing it just to access the code during the hackathon is not allowed.
2. In the case of Open Innovation track, teams can work on an already existing idea, but all the work must be done at the event only. Picking up and completing a half-done project is not permitted.

Disciplinary guidelines to follow in the university campus:

1. Every participant must compulsorily bring identity proof (Aadhar Card/ University ID Card with photo/ Driving License etc.)
2. Participants will be provided Event ID Cards which needs to be compulsorily preserved. Without the same, the participant will not be considered.
3. Each team will be provided access to university Wi-Fi connection. Inappropriate activities on the internet will not be tolerated.
4. Those wishing to commute using two-wheeler need to compulsorily wear a helmet without which entry will not be provided in campus.
5. Triple riding on two-wheeler is not allowed inside the campus.

6. Please abide by the rules of Nirma University and do not indulge in any malpractices. If caught, necessary actions will be taken against you by the concerned authorities of the university.

7. Activities like smoking, drinking or any type of inappropriate interaction with anyone is strictly prohibited. Legal actions will be taken if any participant is caught doing any such activities.

8. Personal property should be taken care of by the owner only. CSI/ Nirma University will not be responsible for any kind of loss.

9. Participants wishing to stay on the campus during the night should not wander out of the allocated location.

10. The organizers may disqualify any participant if event rules or university code of conduct is violated.

Meals and Accommodation:

1. Once registered as individual participant, you will receive a form which needs to be filled to avail meals facility. The charges for the same are ₹255/- for 3 meals i.e. Lunch + Dinner + Lunch.

2. All the participants can avail the accommodation facility which is free i.e. they can stay on the university campus on 20th April night and will be provided with mattresses.

Prizes:

1.Track Prizes

All the tracks that are provided by the companies have an individual prize pool of 25,000/- each.

2.Grand Prizes

Apart from the track prizes, 3 Grand winners will receive grand prizes. The total pool for the same is 25,000/-. Top teams of every track and top 5 from Open Innovation will compete for the Grand Prizes.
